VICTOR VALLEY CRISIS

T. W. WATSON, CITY MANAGER, SAYS SETTLERS MUST DEVELOP WATER UNDER RESTRICTION

"Quite a few people in Glendale are interested in the present crisis in Victor Valley, California," said Mr. T. W. Watson, city manager, to a representative of The Glendale Evening News. "Those of us who have taken claims in that beautiful valley, having filed on government land, have been paying each a small amount per acre, in order to have the question of irrigation for the valley brought before the government.

"Some time ago we engaged Mr. Lippincott, a former assistant engineer of the Aqueduct, to examine conditions and make a report. He reported favorably. We also got Senator Works and Senator Phelan, Representatives Stephens and Kettner, with C. F. Guthridge of Los Angeles, to call on the Secretary of the Interior in regard to the matter.

"There is plenty of water in the mountains to irrigate the valley. The Arrowhead Water company has an immense reservoir with water for 56,000 acres. The company has been forbidden to take that water to the Arrowhead side of the mountain. The only use that can be made of it is to irrigate the desert lands of Victor Valley.

"We want the government to bring the water to us under an irrigation project; or to permit us to form an irrigation district and bond the valley for money to provide the conduits. The government promptly informed us that its reclamation project already reaches 17 years into the future. Before the district can be bonded we must own the land and before we can own the land we are required by law to develop enough water for one-eighth of the area.

"We are now seeking to get round this curious state of affairs. We want congress to give us deeds to the property without water being developed so that we can bond the whole valley. This cannot be done unless the Department of the Interior will consent to an extension of the time limit in which settlers must develop water.

"It seems a singular state of affairs when the law requires a number of settlers to develop water in order to raise the necessary money to develop water. There is every prospect that the district will develop into a great apple-raising country. At a recent apple show apple exhibits from the valley took several prizes."

COLONIAL TEA

Between the hours of 3 and 5 o'clock over a hundred guests left cards at the W. E. Evans home at 113 Orange street, when this charming hostess received on Friday afternoon in honor of her cousin, Mrs. B. F. Logan of Kentucky.

Beautiful in every detail was the red Xmas motif of holly berries, red carnations and fern fronds which prevailed in the spacious rooms, artificially lighted with many red candles retained in old Colonial candlesticks. Particularly attractive was the dining-room table, from which the collation was served, the center being done in red carnations with ferns and red, burning tapers. It was here that Mesdames Henry T. Goodwin and Albert D. Pearce, assisted by the Misses Atala Browning and Maybeth Pigg presided, handsomely gowned in costume, with powdered hair and "patches."

The Colonial miss receiving at the door proved to be Winifred Jones, niece of Mrs. Evans. In the receiving line with the hostess were her mother, Mrs. M. Ewell Smith, the honoree, Mrs. B. F. Logan, Mrs. Robert M. Jackson and the unbonneted ladies assisting were Mrs. Mattison B. Jones, Mrs. F. W. Pigg, Mrs. Freeman Mc G. Kelley in costume and Mrs. Lucius Phillips.

THE LYRIC CLUB CONCERT

A pleasing program of extensive variety was given by the Woman's Lyric club in Trinity Auditorium, Los Angeles, on Friday evening. Brahms' quintet proved quite the favorite offering, and "Autumn," written for this club of Los Angeles singers by their director, J. B. Poulin, was received with a generous ovation.

Local active club members are Mrs. Greely Koltz, Mrs. C. H. Cunningham, Mrs. H. E. MacMullin, all of Glendale Choral club, and Mrs. E. M. Hitchcock and Mrs. O. A. Cowan of Burbank. Others in attendance were Mr. and Mrs. Edmund S. Shank, Mr. and Mrs. C. Edward Ringquest, the Ed. M. Lees and Miss Dorothy Lee, Mrs. William Herman West, Mrs. Frank Grosvenor, Mrs. Helen I. Campbell and Miss Annie McIntyre, Mr. C. H. Cunningham, Mr. E. M. Hitchcock and Mr. Frank Thomas.

HAVE VALUABLE MINE

H. C. TUPPER AND ASSOCIATES HAVE SECURED RICH PIERMONT PROPERTY

On the eastern slope of the Schell creek range, about 70 miles from Ely by wagon road, is situated one of the most valuable mining properties in the state of Nevada. This is the old Piernont mine, which at one time produced as much as \$1,500,000. That was in the days when nothing but the richest ore was taken out and when it did not pay to handle low grade ore.

"This property," said Mr. H. C. Tupper to a representative of the Glendale Evening News, "has been taken over by myself and associates on bond and lease. Our company is a close corporation consisting of myself, Mr. A. H. Hoyt of Adams street, my son, Wallace Tupper, and Prof. Ward. We believe that we have one of the best mines in the Ely district. It is an old mine and was operated away back in the 70's when it produced a great deal of high grade ore. The distance from the mill was prohibitive for anything but ore of that nature. Some years ago the property came into the possession of the Millick Brothers and George Newman, who later organized the Kohinoor Mining company of Portland, Oregon, which did a small amount of development work but which soon ceased operations.

"We have had careful assays made of the various dumps on the property. There is about 100,000 tons of ore in these dumps. We have also assayed the vein matter in the two winzes on the property and the result has been highly encouraging. Part of the old dumps runs as high as \$29 a ton and the average is \$17.

"As a matter of fact the last parties who worked the mine took the easiest method of getting money out of it, though the least profitable from a mining man's point of view. They ran a tunnel 400 feet long into the vein working along a soft body of talc. When this was worked out they stopped. We intend to work the property systematically.

"What the mine always needed to make it a real mine was a mill. That we have now secured by purchasing one of the finest 30-ton mills in Ely county—a mill that was built at a cost of \$68,000. This mill has been in use so little that only 80 tons of ore has been run through it. It has been under careful supervision during the years of its disuse and is as good as new. We bought it at a ridiculously low figure and have engaged W. R. Grant, the famous wrecker and rigger of San Francisco is to take it down, move it and put it up again for us. It has to be moved 45 miles.

"We are all very sanguine about this property. The country round about is full of scheelite, the ore from which tungsten is extracted. This scheelite in Atolia, Cal., when it averages 60 per cent is taken over the counter like money, at the rate of \$1 a pound. When our mill is going and everything is running smoothly we will prospect for scheelite also. It is more than likely that the property contains this ore.

"In every way we have reason to be pleased with our property. It is like many another property that was worked in the old days as long as the highgrade lasted then closed down. Now that we can have a mill and make our own concentrates we believe we can save 95 per cent of the gold and silver in the ore."

IN THE BLUE ROOM

Violets and ferns generously used made a pretty table decoration for the elaborate 5 o'clock tea served in the bungalow Blue Room of the H. J. Cornelius home at 1412 West Broadway, on Thursday. After an afternoon at needlework and conversation those occupying seats at table with the hostess were Mrs. Emma Reagan, Mrs. Jacob J. Schremp, Mrs. Alfred A. Dove, Mrs. Albert C. Read and Mrs. Charles H. Smith.

The British retired to their base of operations 100 miles from Bagdad. The fighting was severe; but the British retired in good order, their flank being protected by gunboats on the river. WELCOME RAINFALL

Sweeping down the Pacific coast a hurricane which attained at sea a velocity of 50 miles an hour struck into Glendale last night. The wind carried the rain on its wings, driving with mighty force. This is the first real storm and rainfall of the season and as the rain lessened gradually toward morning and has ceased almost entirely during the day, there is every chance that the downpour will soak into the ground and do an immense amount of good. Already the vacant lots and the fields where cultivation has been done are showing the beneficial results of the showers. Mr. H. E. Bartlett, the weather recorder, said: "Up to this morning the rainfall for the storm was 1.18 inches. For the season the total is 2.61. Last year up to this date the total was 1.61."

EVENTS OF LOCAL INTEREST OCCURRING IN GLENDALE AND VICINITY

DEATH OF R. H. SODERBERG

Robert Oscar Soderberg, who was born in Sweden 71 years ago, and came to this country while quite young, died in Glendale Thursday evening, at his residence, 1436 W. Broadway, after having suffered from a stroke of paralysis, the second with which he has been afflicted. Mr. Soderberg was a railroad man in Chicago for a considerable period. He came to Glendale five years ago. Mrs. Soderberg, who survives him, has become well known and beloved by a large number of people through her skilled services as a professional nurse. She has the sympathy of all her numerous friends in her bereavement. Mr. Soderberg leaves also a daughter, Mrs. Bridges, 434 W. Fifth street, and a son who is in Chicago. The deceased was a fine singer and musician. He was connected at one time with a large church choir in Chicago and sang many times in Glendale. The Rev. E. H. Willisford will officiate at the funeral, which will take place Monday morning at 10 o'clock from the Jewel City Funeral parlors.

BASKETBALL GAME

Glendale sent two basketball teams to meet the two teams of Los Angeles Manual Arts school, Friday evening. Glendale Athletic club has been training its men for some time and was able to send out an unlimited team and a 140-pound team, either of which would be difficult to beat in Southern California. So the Manual Arts boys discovered. The Glendale Unlimited team won 54 to 10, and the 140-pound Glendale boys 36 to 32. The Unlimited Glendale team had things pretty much its own way; but the game between the lightweights was more even and exciting and up to the close was either side's game. The Glendale 140-pound line-up was: McDonald and Little, forwards; Lee, center; Latter, Padelford, Dewar and Coole, guards. The Unlimiteds were: Mitchell, Bidwell and Snively, forwards; Taylor, center; Stone and Farnar, guards. Taylor and Mitchell scored for the Unlimiteds.

CERTIFICATE PRESENTATION

At the conclusion of a very delightful program at the Colorado Boulevard school on Friday evening, December 3rd, certificates were awarded by the athletic department of the city schools to the teams representing that school in the fall athletic games, the boys in soccer and the girls in playground ball.

Boys receiving certificates were: Ernest Lamoreaux, Clifford Van Osdoll, George Mills, Stephen Fairchild, Harold Windsor, Norman Beggs, David Hicks and Lloyd Van Epps. The certificates were presented by Mr. E. M. Polley of the city schools, who then awarded the championship ribbon to the captain, Stephen Fairchild.

Miss Mable Schultz presented certificates and championship ribbon to the winning girls: Jessie Chatman, Dorothy Brown, Corrine Heacock, Florence Hollingsworth, Louise Smart, Lillian Mason, Evelyn Berger, Jane Butterfield, Ruth Ward, Thillie Klein and Virginia Butterfield; Corrine Heacock receiving the ribbon in behalf of the girls.

WOMEN'S MISSIONARY SOCIETY

Mrs. T. A. Wright, 305 S. Louise street, entertained at her residence, Thursday afternoon, the Women's Home Missionary Society of the First Methodist Episcopal church. Mrs. G. F. Taylor and Mrs. C. W. Burkett were in charge of the program. Mrs. Taylor read a sweet Christmas story, by Grace Richards; Mrs. R. D. Goss gave two delightful readings. Mrs. Wright added greatly to the pleasure of her guests by entertaining them with some pleasing selections on the Victrola.

MORENO—NUNEZ

Miller on Brand Blvd., that worthy official pronounced the words that united the lives of Erminio Moreno and Feliciano Nunez, using the ring ceremony. The young couple were attended by Miss Mildred Chapman and Feliz Flores as witnesses. The groom is a teamster in the employ of Mr. Cornwell and both he and his bride are estimable young people.

IMPORTANCE OF GALLIOLI PENINSULA

It may be noted that notwithstanding the prophecies of war critics Britain and France have not withdrawn from the peninsula of Gallipoli. Their troops are still endeavoring to batter a way through to Constantinople. If once they should win there the war would speedily come to an end. The importance of Constantinople as a key to the world's wealth and power is not underestimated by the Germans either. Constantinople is the object of their drive through Servia.

It has been pointed out that already Britain has lost more men in the struggle on the Gallipoli peninsula than in the Boer war, which old Kruger in his purliness said would "stagger humanity." The army which Kitchener has been training all this time has been steadily drawn on for this campaign.

Of course, it is easy to be wise after the event. It is now pointed out that had Britain and France sent into Servia in the beginning the army they sent to Gallipoli they could have closed the door to any possible invasion of Constantinople by the Germans. That is true, but it must be remembered that at that time the Allies had reason to believe that Bulgaria would remain neutral and that Greece would hold to her treaty with Servia and go to her help when attacked by Bulgaria.

Germany, which is served by very able and very unscrupulous agents, as may be seen in the present refusal of the United States to permit Captain Boy-Ed and Captain Von Papen, Germany's naval and military attaches at Washington, to remain in this country, successfully intrigued in Greece, Bulgaria and Roumania and thus altered the whole Balkan and Turkish peninsular situation. What might have been done in Servia and Greece with ease six months ago is not possible now and the "volte face" of Bulgaria, Greece and Roumania is likely to cost the allies a lot of hard and expensive fighting.

Still it is by no means likely that Britain and France will relinquish the attempt to get into Constantinople. There has been no move to withdraw the forces there. On the contrary the last heard from that quarter indicated that the attacks of the Turkish lines had been renewed.

Whatever may be done at present it is apparent that if the Allies get into Constantinople they will be in a position to end the war on their own terms whereas if the Teutons get in there in force the fighting will be prolonged.

SCHOOL RHYMES

By K. B.

With Scrubs our rymes made quite a hit;

The Seniors said, "No fair,"
And, "You just try it once again,"
We think we'll take the dare.
Dear Oxy gives a scholarship
To speakers who are witty:

From Glendale Hi
A score will try,
What fame for our fair city!

The Allies lost some precious ground
In far off Gallipoli,
And Seniors tore the Allies score
To something less than twenty.
Someone who rules some public
schools

Says boys should practice sewing—
In case of war
The needle corps
Would keep the country going.

Out go white sox, in come bright
rocks
For your cravat, O Heaven
It seems all sorts of summer sports
Are going out of fashion.
In our fair school a traffic rule
Would help things quite a bit—
Hens turning his face
To view some lace
Knows where he's going—nit.

Our science club together met
But there were only three there;
It seems to us they'd care a cuss,
But if they did they'd be there.
Pop Taylor said we're mostly fed
On microbes and bacillus;
If they put shellac
In Fermilac
'Twould be enough to kill us.

Our Cecil gave a jolly treat,
We think he's simply great;
'Tis hoped the Scrubs will all try out
For our next debate.
The banners made a fine display,
The Juniors made a noise;
Fat led a yell
And did it well,
He sure has got some poise.

We told the evening editor
We'd make his paper famous;
He said if his subscriptions waned
He'd be just sure to blame us.
Bill's back from San Diego town,
Where he saw sights a plenty;
He met a Jane—
His heart's in twain
And he is out a twenty.

DIFFERENCES IN YOUR VIEW-POINT

In answering the article entitled, "Wheels Within Wheels," that appeared in the Glendale Evening News of November 29, 1915, we would call the attention of the Rev. H. Jackson Hartsell to the prophecy of Nah. II. It is distinctly stated that the fulfill-

ment should be "in the day of His preparation," and although this prophecy primarily related to the destruction of Nineveh, it was a type of the destruction of the world at the end of time, and was not fulfilled in its entirety in the destruction of that city. We are not alone in this view. Many notable scholars of other denominations are holding the same opinion.

Now, in regard to Rev. Hartsell's statement that the "end" spoken of in Dan. 12:4 undoubtedly referred to the destruction of Jerusalem. I would ask, has Michael (Christ) yet commenced his reign in this world, and delivered "every one that shall be found written in the book?" Has a resurrection occurred yet such as is described in verse 2 of this chapter? Do God's people now "shine as the brightness of the firmament?"

The "words" and "book" spoken of in verse 4 doubtless refer to the things which had been revealed to Daniel in this prophecy. As the book was to be closed up to that time, the plain inference is that at that time, or from that point the book would be unsealed; that is, people would be better able to understand it, and would have their attention especially called to this point of the inspired word. Whether the running to and fro refers to the passing of people from place to place, and the great facilities for transportation and travel made within the present century, or whether it means, as some understand it, a diligent and earnest search of the prophecies, the fulfillment is before our eyes.

So in the increase of knowledge. It must refer either to the increase of knowledge in general, the development of the arts and sciences, or an increase in knowledge in reference to those things revealed by Daniel which were closed and sealed to the time of the end. Here, again, apply it which way we will, the fulfillment is most marked and complete.

It was recently stated in the Scientific American that within the last hundred years more advancement has been made in all scientific attainments than in the three thousand previous years put together. To my mind these things are positive proof of the end—not of Jerusalem, but of the world at the second coming of Christ, the Rev. Hartsell's opinion to the contrary notwithstanding.

The following references from God's word will prove the statement to the real believer in Holy Writ.

What promise is made to those who look for the appearing of Christ?

"So Christ was once offered to bear the sins of many and unto them that look for him shall he appear the second time without sin unto salvation." Heb. 9:28.

How many will receive a reward when he comes?

"For the Son of man shall come in the glory of his Father with his angels; and then he shall reward every man according to his works." Matt. 16:27. It is a time of general reward.

DIFFERENCES IN YOUR VIEW-POINT

(Continued from Page 2)

If death is not the coming of Christ, how will he come?

"And when he had spoken these things, while they beheld, he was taken up; and a cloud received him out of their sight. And while they looked steadfastly toward heaven as he went up, behold, two men stood by them in white apparel; which also said, Ye men of Galilee, why stand ye gazing up into heaven? This same Jesus, which is taken up from you into heaven, shall so come in like manner as ye have seen him go into heaven." Acts 1:9-11; Rev. 14:14.

How many will behold him when he comes?
"Behold, he cometh with clouds; and every eye shall see him, and they also which pierced him." Rev. 1:7.
What wonderful demonstration will accompany the Lord's coming?
"The Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God." I Thess. 2:16. The Lord himself, not some other, shall descend.

What was Enoch's belief about this event?

"And Enoch also, the seventh from Adam, prophesied of these, saying, Behold, the Lord cometh with ten thousand of his saints, to execute judgment upon all." Jude, 12, 15.

What was Job's hope when in the depths of affliction?
"For I know that my Redeemer liveth, and that he shall stand at the latter day upon the earth. And though after my skin worms destroy this body, yet in my flesh shall I see God; whom I shall see for myself, and mine eyes shall behold, and not another." Job 19:25-27.

For what was Paul waiting when in his Roman dungeon?

"Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous Judge, shall give me at that day; and not to me only, but unto all them also that love his appearing." II Tim. 4:8.

How will the Saviour be seen of those who are finally permitted to behold him?

"But we know that, when he shall appear, we shall be like him; for we shall see him as he is." I John 3:2. H. E. COLBY.

AT THE CHURCHES

METHODIST CHORUS CONCERT

How much the skilled and unwearying labor Mrs. Cammack has bestowed on the Chorus, which she has been training in connection with the First Methodist church, is appreciated, was seen in the fact that the Methodist hall was crowded Friday night to hear the results of this training. The repeated applause and encores testified to the satisfaction all experienced from the work of the chorus and the artists who contributed to the evening's enjoyment. The chorus and Mrs. Cammack were applauded again and again.

Cecil Crandall, Glendale's rising young violinist, played with his customary fine expression and soul. In response to an encore Mrs. Cammack sang a song composed by Mr. Crandall, while he played the violin obligato, also his own composition. This number showed the marks of developing genius and that exquisitely refined musical taste which young Crandall always manages to throw as an atmosphere about his compositions.

Miss Helene Morgan, Mr. Mario T. David and Miss Edna Shreve, all contributed in no small degree to the pleasure of the evening, and Mr. Tubeling, "the world's youngest magician," gave a most interesting exhibition of his skill in legerdemain. As accompanists Miss Helene C. Morgan and Miss Dorothy Lee showed thorough acquaintance with the niceties of that difficult function. The Rev. B. D. Snudden briefly intimated that a silver collection would be taken and the response was gratifying.

E. meeting will be held at 6:30 in the C. E. room. All adults are invited to the Genesis class and all young people to the C. E. meeting.

The prayer meeting will be held Wednesday evening at 7:30. Topic for discussion: "The Name the Church Should Wear According to the New Testament and the New Testament Teaching Regarding the Name Individual Followers of Christ Should Wear."

FIRST METHODIST EPISCOPAL CHURCH

"The Bible and Women About Men." Are you a man? You will want to hear this message. Women, of course, will want to hear what other women say about men. The above theme will engage the attention of Mr. Snudden on Sunday evening at 7:30.

Large congregations are attending the Methodist church. Were you one of the crowd last Sunday? Hear the messages next Sunday.

At the morning hour of worship the pastor will speak on "Genius, God's Gift for All." Those who heard the sermon last Sunday morning will want to hear this. Vigorous, fresh treatment of an old theme with an interpretation that makes a striking appeal. A home-like church. (Continued on Page Four)

The appeal is made to that fair
play and impartial hearing which so
grandly characterizes the era in
